SUMMARY

As a Full Stack Developer, I bring a strong foundation in full stack development with hands on experience in JavaScript, and Python including frameworks Next Js and Fast API . I am currently expanding my skill set into backend development, where I am actively building robust and scalable applications. My approach focuses on creating seamless user experiences, writing clean and efficient code, and continuously learning to stay at the forefront of web development technologies and AI.

SKILLS

Html, Css

JavaScript, React

Python, FastAPI

SQL

PostgreSQL, MySQL

Docker

Langchain, Langgraph

Git, Github

EXPERIENCE

Job Board API - Backend (Self learning)
